# Virtual Public Meeting

## We're making changes based on your feedback.

The MBTA's Bus Network Redesign is a once-in-a-generation opportunity to make bold improvements to the MBTA's bus network for the people that depend on it most.

Since releasing the draft map in May 2022, we have received over 20,000 comments. We have reviewed these comments and are evaluating potential changes to the draft network based on this feedback.

Please join us at a virtual public meeting where we will present a revised network and answer your questions about it.
