

Week in Review and Lookahead

Friday, October 14, 2022

Progress continued this week on Orange Line Transformation projects, read below for the latest updates on work at Wellington Yard and Vehicle Maintenance Facility, and upgrades to the Traction Power system

Traction Power Substations

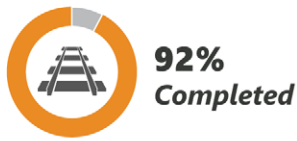

Traction Power Substations: Modernize the third rail power supply to reduce the risk of service disruptions; develop a power system capable of supporting additional Orange Line service

- ✓ **This Week** | At Oak Grove crews continued installing basement conduits and working on epoxy floor anchor layout
- **Lookahead** | Ongoing conduits installation at Oak Grove and floor installation

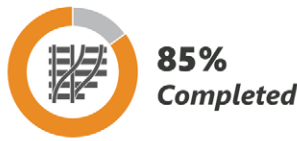

Wellington Yard and Maintenance Facility Updates

21,895 Feet of Track

69 Units of Special Track

Traction Power & Signals

Wellington Yard: Upgrade Wellington Yard to increase service capacity, replace outdated infrastructure, and enhance safety.

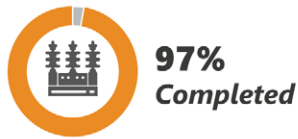

- ✓ **This Week** | Crews continued with new track, switch machine and wires installation in the south yard of Wellington
- **Lookahead** | Crews will continue welding yard tracks in the south yard

Building Upgrade

Power Substation

Train Wash

Maintenance Bays

Wellington Maintenance Facility: Modernize the Vehicle Maintenance Facility to improve vehicle maintenance; reducing customer wait times, provide cleaner cars, and deliver safer operations.

- ✓ **This Week** | Crews installed new track and painters performed touchups at different locations at zone 7
- **Lookahead** | Crew will continue installing and aligning rail, electricians will continue working on alarm system, and painters will touch up various locations

*Schedule subject to change with weather conditions and in accordance with public health directives
