Accident Investigations

DPU delegates authority for accident investigations to the MBTA and observes all investigations to ensure they are “sufficient and thorough”

FTA Reportable events: 43

State Reportable events: 54

Reportable events from 1.1.22 to 12.7.22

Safety Management Inspection

DPU has adopted all Corrective Actions Plans (CAPs) resulting from the Safety Management Inspection

DPU will track progress toward implementation, inspect and verify the required actions, and share all information with FTA

DPU Concerns

DPU directed MBTA to create a CAP on Green Line Speeding

Overspeeding on the Green Line remains a concern

SRCP data should reflect non-compliance on subway
