

## Week in Review and Lookahead

### Friday, September 29, 2023

Progress continued this week on updates to the Wellington Vehicle Maintenance Facility and Orange Line traction power substations. Check the [alerts page](#) to stay up to date with service changes due to Government Center Garage demolition.

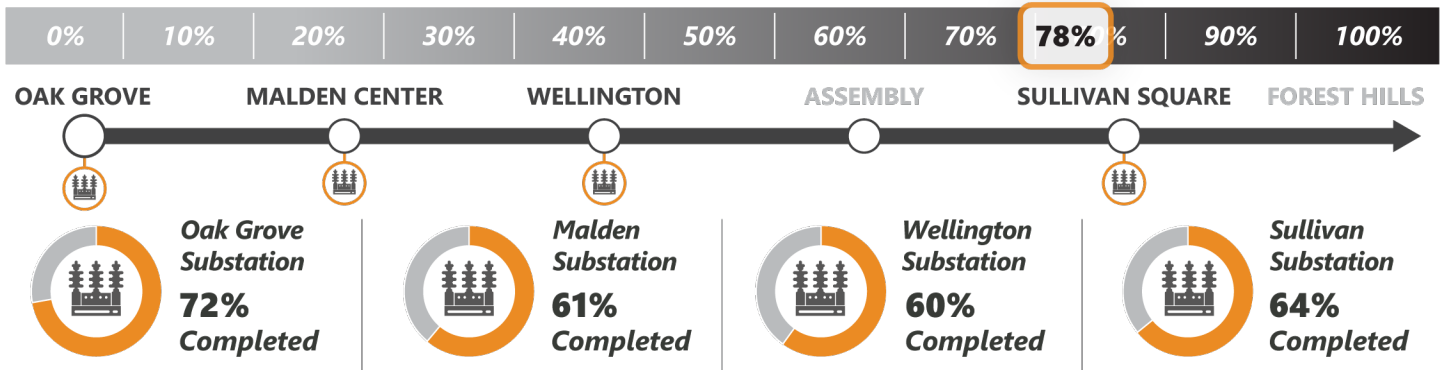

### Wellington Maintenance Facility Updates

[Wellington Maintenance Facility](#): Modernize the Vehicle Maintenance Facility to improve vehicle maintenance, reduce downtime and customer wait times, provide cleaner trains, and deliver safer operations

- ✓ **This Week** | Crews worked on floor drains at tracks 12 and 13 and performed various punchlist activities
- **Lookahead** | Crews will work on track 12 and 13 floor drains and auxiliary power for track 19

# Traction Power Substations

[Traction Power Substations](#): Modernize the third rail power supply to reduce the risk of service disruptions; develop a power system capable of supporting additional Orange Line service

- ✓ **This Week** | At Oak Grove, crews filled in external wall next to the duct bank, in-filled floor penetrations, and completed miscellaneous conduit and wiring
- **Lookahead** | Crews will finish work at Oak Grove and start moving equipment and tools to the Sullivan power substation
